Smart Home System Powered By Artificial Intelligence (A.I.)

19 Nassim is the first residential development in Singapore designed to be powered by Artificial Intelligence (A.I.). The first-of-its-kind smart home management system allows homeowners to smoothly control in-house devices and facilitates quick access to community and lifestyle services via the most popular messaging apps such as WhatsApp and WeChat to create an effortlessly comfortable and smart lifestyle. The A.I. will progressively learn your habits & daily routines to offer useful suggestions and improve your smart living experience.
